

## E.U. REACH Statement

This statement concerns European Union's regulation, Registration, Evaluation, Authorization and Restriction of Chemicals and, applies to all Kingfisher International's products.

Under REACH regulations Kingfisher International is considered a provider of "articles" All of our products are assembled equipment, not raw materials. As the sum of each construction material in our articles imported into the E.U. is less than one ton per year, our products are exempted from REACH pre-registration as per the REACH Registration guideline in, <http://echa.europa.eu/regulations/reach/registration>.
